

**How does the math work?**

**Total Assessed Value in Somers = \$921,232,000**

**Somers portion of County Budget = \$4,119,848.01**

**$4,119,848.01 / 921,232,000 = 4.47211$**

**Sample Parcel's Assessed Value = \$1,179,500 = 1179.5  
thousands**

**County Mill Rate = 4.47211**

**To get tax Multiple  $1179.5 \times 4.47211 = \$5,274.85$**

**\$5,274.85 = The county line you see on the sample tax bill**
